ATHLETIC CONTEST WITH BEAVER.

Huskies From Both Big Schools Meet on
Normal Campus Tomorrow.

Prospects Favorable for Greatest
Track Event Ever Held in
Southern Utah.

Tomorrow, on the Normal campus the two big rival schools of southern Utah will contend for championship honors in the fields of athletics. From the interest manifested on both sides there is no doubt that it will be a great event. Both track teams have, for a long time, been getting into shape for the state high school meet scheduled to take place in Salt Lake City on May 21st and 22nd. The men are all in as good condition now as they will be when they go up north; so, no doubt, tomorrow will see some splendid work, not only in all the sprints but also in the jumping and hammer throwing.

But the splendid condition of the athletes is not the only incentive to spur them on to do their utmost. There has been, and still continues to be, considerable rivalry between the two schools; and although no track meets have been held for some time, there is a spirit among all the contestants to strain every nerve to bring victory to their respective school.

Beaver evidently has the advantage in respect of numbers; for the latest communication received by manager Foster states that the northern school will bring eighteen men, who will be entered for the various events. On the other hand, the Normal has only eleven men that are expected to carry the school to victory; but these eleven are exceptionally strong, and on their ability coach Foster is willing to stake the result. The following are the Normal athletes: Fife, Granger, Myers, Cooper, Dalton, Foster, McBride, Wilkinson, Wimmer, Clark and Gabler.

With the exception of Cooper and Wilkinson, all seem to be in splendid condition. Wilkinson, on whom the Normal depends in the pole vaulting contest, has for a long time been suffering from a very bad knee. At present it is not in a fit condition to be used under such strain; but Percy has, if that could be possible, more nerve than brawn and bone, and he is bent on entering the contest. Cooper has always seemed perfectly sound. But recently he has complained of a bad knee, and although he has given it considerable rest of late, it is yet somewhat out of condition. But Cooper is anxious to win honors for the school, and with the pluck he has shown under these trying circumstances he, no doubt, will.

Manager Foster, of the Normal track team, in an interview today, seemed quite confident of victory. "We expect," said he, "to get some of the races and jumps. We shall probably lose in the shot, hammer and pole vaulting contests, although we expect to more than even that loss in the races. We think our chances are good."

The contest will begin tomorrow morning promptly at ten o'clock, and the order of the events will be as follows:

FORENOON.

100 yard dash,
High jump,
One half mile dash,
Hammer throw,
220 yard dash.

AFTERNOON.

440 yard dash,
220 hurdle race,
Pole vault,
One mile run,
Broad jump,
Shot,
Relay.

Immediately after the contest the Normal girls, under the direction of Miss Bowman, of the Domestic Arts department, will entertain all the athletes and members of the Beaver faculty in the Domestic Science rooms.

Tonight, and also tomorrow night after the contest, a grand ball will be given at which the Beaver athletes

will be guests of honor.

The admission to the grounds for each session will be 15c for adults and 10 cents for children. A large crowd is anticipated. A great many people are coming down from Parowan; and the Kanarra people will be up in force, as they are always interested in contests especially when the Normal is one of the contestants. As for Cedar, if the weather remains fair, every person in town, from the old gray haired veterans of the early fifties, to the young sprout scarcely old enough to toddle along by mother's side, will be no hand to yell for the Normal and Beaver men when good stunts are handed out.

This event will give the two schools from southern Utah a line on the outcome of the state high school meet to be held in Salt Lake City.

Tomorrow will be a big day in the history of athletics in southern Utah. Let us get out and yell for clean sportsmanship and the best men.

To The Public.

Notice is hereby given to the general public and patrons of the Cedar City Drug Store that I have sold the stock of drugs and good will to Gordon Eatough.

All accounts due are payable to me and settlement can be made at the place of business or at my residence.

Mr. Eatough is a qualified pharmacist and I can recommend him to the public and assure them that he will treat them fully as well as when he was an employee.

I take the pleasure of thanking the people for the generous patronage they have given me and ask that they deal as kindly with Mr. Eatough.

Respectfully,

B. F. KNELL.

To the citizens of Cedar City, Kanarra, Harmony, Paragonah, Parowan, and Summit, I wish to say that on the first of May, 1909, I purchased and took possession of the Cedar City Drug Store, and solicit such business as they can give me in the drug trade.

I shall endeavor to the best of my ability to follow the policy which has existed in the past, to treat all persons fairly and give my personal attention to the wants of patrons. Anything that may be desired in the drug line, can be had by writing a letter to me or addressing it to the Cedar City Drug Store, and the order will be filled at once.

Again soliciting the patronage of all, I remain, Cedar City Drug Store,
G. W. EATOUGH,
Manager.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Sold by all druggists.

Take Hall's Family Pills for constipation.

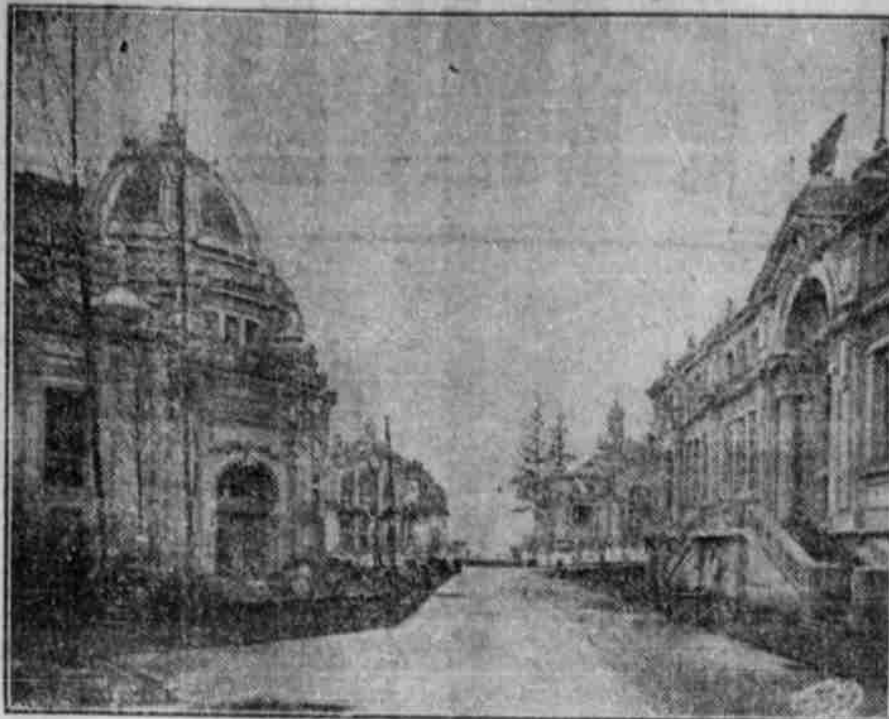

Bargains in Jewelry.

For one week, commencing May 10th, we will offer some big bargains in Jewelry at the Post Office Store. We carry the largest stock of Jewelry of any store in Iron County and during this week we will make reductions ranging from 20 per cent to 33 1-3 per cent on everything we have in stock. This is your opportunity to buy jewelry at wholesale prices.

Drop in and see what we have in this line, whether you buy or not.

CHAS. S. WILKINSON, Prop.

"The Merry Milkmaids" held forth in the Normal auditorium last night to a fair sized audience. Lack of space prevents an extensive write up.

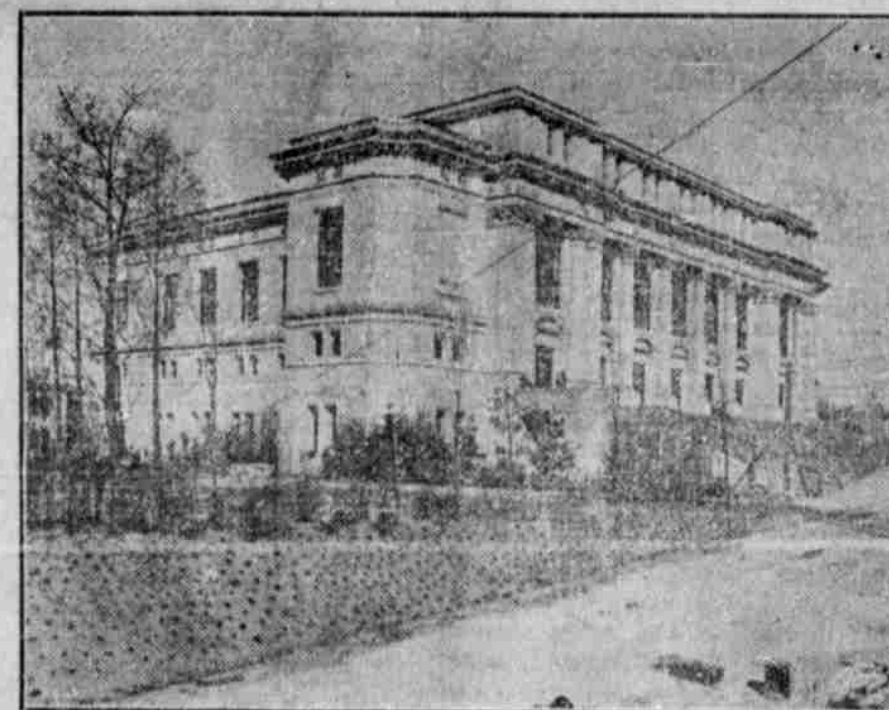

LOOKING DOWN YUKON AVENUE.

One of the most traveled highways of the Alaska-Yukon-Pacific Exposition will be the street to which has been given the name of Yukon Avenue. Yukon Avenue makes its way across the exposition grounds from west to east, and the ends are represented by Klondike Circle near the entrance, and Nome Circle on which fronts the classic Forestry building. It crosses the roaring Cascades on oriental bridges of handsome design, and from its central part the buildings of Hawaii and Alaska, backed by the enormous federal structure, are directly to the north.

Just to the west of Klondike Circle the Pay Streak winds in a general direction from north to south, and at the eastern end the land gives way precipitously to the shores of Lake Washington. It is on this beautiful shore of the lake the natural amphitheatre is located, and nature has so quaintly formed this delightful spot, that small effort has been required of man to transform it into as perfect an exhibition place as is possible. Its curving, sloping sides complete a semi-circle, and from its tiers of towering seats 30,000 spectators may witness the entertainments with no possibilities of occupying a single undesirable seat.

A wonderful variety of architectural display is shown by the many buildings through which Yukon Avenue passes, and during its course the visitor passes from man-made monuments through parts of magnificent forests whose grandeur has never been marred by the destructive craft of Mammoth's disciples. From every side the line of horizon is defined by mountains whose lines are delineated in perpetual snow, and stretching away as far as the eye can travel rest the waters of Puget Sound.

THE AUDITORIUM.

The Alaska-Yukon-Pacific Exposition at Seattle, occupying 250 acres of the campus of the University of Washington, will result in benefits for Washington's seat of learning that the University could not have hoped to secure in many years, had not the great fair of 1909 been planned. So the exposition that will exploit Alaska, Hawaii and the Philippines and emphasize the importance of the growing trade with the Orient will leave, after its gates have closed, a large number of permanent structures to constantly remind the people of the Northwest of the Alaska-Yukon-Pacific Exposition and the place it will occupy in the history of the Pacific as the medium through which one-half of the world was brought in such close touch with the other and a tremendous impetus to commercial intercourse given.

Seven buildings on the exposition grounds will be left for use of the University and the auditorium, one of the finest of this group, cost the State of Washington more than \$300,000. While the exposition is in progress this building will be used for conventions, congresses and conferences, and its hundreds of seats were in place and the building turned over to the exposition management three months before the opening date of the fair.

A Few Words To Our Stockholders.

Were there is concerted action there is strength. A number of you have recently paid \$2.00 in cash for \$1.00 of Bank Stock. Now, in order for your money to earn a reasonable dividend it is necessary that our bank do considerable business. If each one of you will consider yourself a committee of one to work for the bank, in the first place by depositing your own money with us and speaking a good word for us when you can, and in the second place by urging your friends to do the same, their is no question but what your money will be well invested.

We guarantee to give our customers equal treatment to that of any bank in the state, and if per chance in the past we may have offended anybody by either word or deed we are always willing to go more than half way to make the matter right.

Now, let us boost together for the Bank of Southern Utah. All together! Pull!

NEW MAIL SERVICE.

Bright Prospects for Connection With
Dixie Country Again.

Department Official Promises to Recommend Branch From Kanarra to Toquerville.

All Iron and Washington County people will rejoice to know that there is now a very good chance for the establishment of direct mail connections between Iron and Washington counties, by the letting of a contract between Kanarraville in Iron, to Toquerville in Washington county.

Last Friday afternoon, J. S. Roberts, assistant superintendent of the Railway Mail Service, with headquarters at San Francisco, arrived in Cedar City, and Friday evening met with the Commercial Club and talked over the matter of mail service between Iron and Washington counties. The visit of Mr. Roberts here at this time was in response to petitions forwarded to the department by the residents of the section of country interested to have such a route established. As a result of the meeting, Mr. Roberts left Saturday morning on a tour of inspection of the route suggested in the petitions, Pres. U. T. Jones being delegated to accompany the visitor.

Their itinerary included Kanarra, Bellevue, Leeds, and Toquerville, with the intermediate ranches, and resulted in convincing the inspector that the route was needed, and also that Kanarra and Toquerville were the proper junction point.

Another factor which figures very prominently in the matter of the establishment of the route, is the securing of reasonable bids for the performing of the service, and this was practically disposed of by the promise of a number of reliable persons along the route that they would submit bids, with the knowledge that the bids must be reasonable in order to be accepted.

On his return to Cedar City Mr. Roberts gave strong assurance that the route would be advertised, and that he had no doubt that it would be in operation by July first, if no sooner.

The severing of the mail connections between the two counties by the change of the route to run via Modena from Saint George has been a very great inconvenience to the people of this district of country, and everybody will rejoice that connection is to be restored.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive organs, purify the stomach, liver and blood, helping the system to do its work naturally. — Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Palace Drug Store.

We are cleaning up our shoe stock again, and for a few days will have some strong inducements for buyers. You need shoes, and we need money: Let's get together.

POST OFFICE STORE.

H. E. Sutton, editor of the Virgin Valley Enterprise, has been in Cedar the past week disposing of stock of the Virgin Valley Oil Co. He has been quite successful and has secured enough money to sink the company's well to the "Big Sand." Stock has been selling at the low figure of 3 cents per share and if the company is successful in encountering oil in the sand sought for stock will go soaring to the skies. It will be but a short space of time before the public will know whether or not the Virgin field is worth anything.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Palace Drug Store.
